

## Memorandum January 14, 2016

### This agenda is subject to revision up to 72 hours prior to the meeting.

**To:** All Members, Transportation Policy Board From: Ray Lopez, Chair and Sid Martinez, Director

**Subject:** Transportation Policy Board Meeting Notice and Agenda

The next meeting of the MPO Transportation Policy Board is scheduled for Monday, January 25, 2016 at 1:30 p.m.

at the VIA Metro Center Community Room located at 1021 San Pedro.

The following agenda items will be discussed and action will be taken as appropriate. Items may be taken out of the order shown.

Citizens to be Heard: Speakers will be allowed up to three (3) minutes each to address the Transportation Policy Board on any <u>one</u> specific agenda item. While speakers who have signed up may donate their time to another speaker, the maximum time allowed for any individual speaker will be nine (9) minutes. Speakers who wish to address the Board on multiple items or on items not listed on the agenda must do so under Citizens to be Heard. All speakers must sign the register and state their names and any organizations they represent.

### Agenda:

- 1. Roll Call (page 4)
- 2. Director's Report MPO (Martinez) (page 5)
  - a. The joint AAMPO-CAMPO Transportation Policy Board meeting will be held on Wednesday, February 17<sup>th</sup> at 9:30 a.m. at the Embassy Suites Conference Center located at 1001 East McCarty Lane (IH 35 North at East McCarty Lane, exit 201) in San Marcos, Texas, 78666
  - b. The February Transportation Policy Board meeting will likely be cancelled
  - c. The MPO will begin holding a series of public meetings in support of the development of the FY 2017-2020 Transportation Improvement Program in late February and early March
  - d. The MPO Office will be closed on Monday, February 15<sup>th</sup> in observance of Presidents' Day

MPO meetings are accessible to persons with disabilities. To arrange for special assistance or an interpreter, please call 210-227-8651 or TDD 1-800-735-2989 (Relay Texas) at least five working days in advance.

Las reuniones son accesibles a personas con discapacidad. Si usted necesita asistencia especial o un intérprete, llame al (210) 227-8651 o al TDD 1-800-662-4954 (Relay Texas) con cinco días hábiles de anticipación.

Please provide any written comments on any agenda items within three days prior to the meeting, to the MPO at:

825 South Saint Mary's Street • San Antonio, Texas 78205

3 Citizens to be Heard (page 6)

<u>Consent Agenda:</u> All items under the Consent Agenda are acted upon collectively unless opposition is presented, in which case, the contested item will be considered, discussed and appropriate action taken separately.

- 4. **Approval** of the December 7, 2015 Meeting Minutes (page 7)
- 5. **Action** on the Annual Disadvantaged Business Enterprise Report MPO (Martinez) (page 11)
- 6. **Action** on Amendments to the FY 2016-2017 Unified Planning Work Program (MPO Budget Document) MPO (Geiger) *(page 15)*
- 7. **Action** on Amending the Contract between the Alamo Area MPO and the Alamo Area Council of Governments MPO (Martinez) (page 31)
- 8. **Action** on Roadway and Transit Amendments to the Metropolitan Transportation Plan and the FY 2015-2018 Transportation Improvement Program MPO (Geiger) *(page 39)*

### <u>Items for Individual Discussion and Appropriate Action:</u>

- 9. Discussion and Appropriate Action on the Transportation Bill "Fixing America's Surface Transportation (FAST) Act" (page 75)
- 10. Discussion and Appropriate Action on Managed Lane Concepts (page 76)
  - a. Update on Subtask 5.3 Regional Multimodal Study: Managed and/or Transit Priority Lanes Parsons Brinckerhoff (Ungemah)
  - b. Discussion on the High Occupancy Vehicle Lanes Experience in Texas TxDOT/TTI
- 11. Status Report on the Development of the FY 2017-2020 Transportation Improvement Program MPO (Geiger) *(page 77)*

MPO meetings are accessible to persons with disabilities. To arrange for special assistance or an interpreter, please call 210-227-8651 or TDD 1-800-735-2989 (Relay Texas) at least five working days in advance.

Las reuniones son accesibles a personas con discapacidad. Si usted necesita asistencia especial o un intérprete, llame al (210) 227-8651 o al TDD 1-800-662-4954 (Relay Texas) con cinco días hábiles de anticipación.

Please provide any written comments on any agenda items within three days prior to the meeting, to the MPO at:

825 South Saint Mary's Street • San Antonio, Texas 78205

- 12. Monthly Status Reports (page 80)
  - a. Alamo Regional Mobility Authority (John Clamp)
  - b. City of San Antonio (Mike Frisbie)
  - c. Lone Star Rail District and Air Quality Issues (Diane Rath)
  - d. San Antonio Mobility Coalition (Vic Boyer)
  - e. Texas Department of Transportation (Mario Jorge)
  - f. VIA Metropolitan Transit (Jeff Arndt)
  - g. Others
- 13. Discussion and Appropriate Action on Agenda Items for Upcoming Transportation Policy Board Meetings MPO (Martinez) (page 86)
- 14. Executive Session Pursuant to Chapter 551, Subchapter D, Texas Government Code (page 87)

At any time during the meeting of the MPO Transportation Policy Board, the Board reserves the right to adjourn into executive Session at any time to discuss any of the matters listed on the posted agenda, as authorized by Texas Government Code Section 551.071 (consultation with attorney), Section 551.072 (deliberations about real property), Section 551.074 (personnel matters), and Section 551.086 (economic development)

15. Adjourn *(page 87)* 

MPO meetings are accessible to persons with disabilities. To arrange for special assistance or an interpreter, please call 210-227-8651 or TDD 1-800-735-2989 (Relay Texas) at least five working days in advance.

Las reuniones son accesibles a personas con discapacidad. Si usted necesita asistencia especial o un intérprete, llame al (210) 227-8651 o al TDD 1-800-662-4954 (Relay Texas) con cinco días hábiles de anticipación.

Please provide any written comments on any agenda items within three days prior to the meeting, to the MPO at:

### 1. Roll Call

Councilman Ray Lopez (Chair)	City of San Antonio, District 6	210-207-7065
Commissioner Kevin A. Wolff (Vice Chair)	Bexar County	210-335-2613
Ms. Rebecca Cedillo	Advanced Transportation District	210-299-5858
Mr. John Clamp	Alamo Regional Mobility Authority	210-335-6716
Commissioner Tommy Calvert	Bexar County	210-335-2614
Commissioner Sergio "Chico" Rodriguez	Bexar County	210-335-2611
Ms. Renee Green, P.E.	Bexar County	210-335-6700
Councilman Jeff Haberstroh	City of Boerne	830-249-9511
Mayor Pro Tem Ron Reaves	City of New Braunfels	830-221-4000
Councilman Roberto Treviño	City of San Antonio, District 1	210-207-7279
Councilwoman Shirley Gonzales	City of San Antonio, District 5	210-207-7043
Councilman Ron Nirenberg	City of San Antonio, District 8	210-207-7086
Mr. John Dugan, AICP	City of San Antonio	210-207-0147
Mr. Michael S. Frisbie, P.E.	City of San Antonio	210-207-8140
Mayor Don Keil	City of Seguin	830-303-7333
Commissioner Kevin Webb	Comal County	830-221-1100
Mayor Chris Riley [Leon Valley]	Greater Bexar County Council of Cities	210-684-1391

City of San Antonio
City of Seguin
Commissioner Kevin Webb

Comal County

Mayor Chris Riley Greater Bexar County Council of Cities
Judge Kyle Kutscher Guadalupe County
Councilman Kevin Hadas Northeast Partnership

Mr. Mario Jorge Texas Department of Transportation
Dr. Richard Gambitta VIA Metropolitan Transit

### **Members Absent:**

Commissioner Sergio "Chico" Rodriguez
Councilman Ray Lopez (Chair)
Mr. John Dugan, AICP
Bexar County
City of San Antonio
City of San Antonio

### **Others Present**:

Mr. William Moseley
Mr. Jessie Lopez
Davidson Troilo Ream & Garza
Mr. Isidro "Sid" Martinez
Mr. Vic Boyer
Mr. Jeff Arndt
Alamo Area Council of Governments
Davidson Troilo Ream & Garza
Metropolitan Planning Organization
San Antonio Mobility Coalition
VIA Metropolitan Transit

### **Transportation Policy Board**

**December 7, 2015** 

### 2. Director's Report

- a. The 11<sup>th</sup> Annual Texas Transportation Forum will be held in Austin, Texas at the JW Marriott Hotel on January 4-6, 2016.
- b. The next MPO Bike Night will be held on Wednesday, January 13, 2016
- c. The MPO Office will be closed on December 25<sup>th</sup> for Christmas Day, January 1<sup>st</sup> for New Year's Day and January 18<sup>th</sup> in observance of Martin Luther King, Jr. Day.

### 3. Citizens to be heard

There were none.

4. Approval of the October 26, 2015 Meeting Minutes

Mr. John Clamp moved and Mayor Chris Riley seconded the motion to approve the October 26, 2015 meeting minutes. The motion was unanimously approved.

5. Presentation on the New Ozone Standard and the Implications for the Alamo Region

For information and discussion only.

6. Status Report on the IH 10 West Project

#### Citizens to be Heard

Don Dixon stated his support for the IH 10 West project without toll roads and/or HOV lanes.

For information and discussion only.

7. Status Report on the Development of the FY 2017-2020 Transportation Improvement Program

For information and discussion only.

#### **Transportation Policy Board**

**December 7, 2015** 

8. Presentation of Roadway and Transit Amendments to the Metropolitan Transportation Plan and the FY 2015-2018 Transportation Improvement Program

For information and discussion only. Action will be requested at the January 2016 meeting.

- 9. Monthly Status Reports
  - a. Alamo Regional Mobility Authority
  - b. City of San Antonio
  - c. Lone Star Rail District and Air Quality Issues
  - d. San Antonio Mobility Coalition (Vic Boyer)
  - e. Texas Department of Transportation (Mario Jorge)
  - f. VIA Metropolitan Transit (Jeff Arndt)
  - g. Others

For information and discussion only.

10. Discussion and Appropriate Action on Agenda Items for Upcoming Transportation Policy Board Meetings

#### Citizens to be Heard

Henry White requested a status update on the US 281 project without toll lanes and its inclusion in the MPO's short range transportation plan.

Phil Wagner stated his opinion about the transportation system in San Antonio and surrounding areas relating to EPA, rail and truck stops.

11. Executive Session - Pursuant to Chapter 551, Subchapter D, Texas Government Code

This item was not considered.

### Adjourn

There being no further business, the meeting was adjourned at 4:00 p.m.

Commissioner Kevin Wolff, Vice-Chair Transportation Policy Board

### 5. Action on the Annual Disadvantaged Business Enterprise Report

### Purpose

The purpose of this agenda item is to accept the Annual Disadvantaged Business Enterprise (DBE) report which documents participation in the MPO's consultant contracts.

#### Issue

In September 1989, the MPO Transportation Policy Board established a DBE goal of 25% for all consultant contracts.

In January 1998, this goal was reviewed and the MPO Director was given authorization to manage the MPO's DBE participation goal for individual contracts so that the overall DBE participation meets or exceeds 25%. It was also agreed that an annual update would be provided to the Transportation Policy Board.

In January 2003 it was agreed that the annual report will reflect a rolling five-year average.

As indicated on the attached report, the MPO's actual DBE participation for consultant contracts is 40%, 15 percentage points higher than the established goal.

### **Action Requested**

A motion to accept the MPO's Disadvantaged Business Enterprise Report for FY 2015 as presented.

### 6. Action on Amendments to the FY 2016-2017 Unified Planning Work Program

### **Purpose**

The purpose of this agenda item is to take action on amendments to the FY 2016-2017 Unified Planning Work Program.

#### Issue

In January, after the previous fiscal year has been closed out, the Unified Planning Work Program (UPWP) is amended to reflect carryover dollar amounts for individual subtasks.

Additionally, Subtask 2.2 Demographic Modeling Projects is being revised to reflect staffing changes at the Alamo Area Council of Governments (AACOG). The programmed amount is proposed to be reduced from \$460,000 to \$15,000. Subtask 3.3 Air Quality Planning, also the responsibility of AACOG, is proposed to be increased from \$100,000 to \$150,000 to reflect an increased priority in regional air quality planning. At their meeting on January 7, 2016, the Executive Committee unanimously recommended approval of this item.

The revised pages of the UPWP are attached. Revised information is underlined and designated with a footnote of '1'.

### **Action Requested**

A motion to approve the amendments to the FY 2016-2017 Unified Planning Work Program.

# FY 2016 – 2017 UNIFIED PLANNING WORK PROGRAM

Adopted by the Transportation Policy Board: Amended by the Transportation Policy Board:

June 22, 2015 January 25, 2016

<sup>1</sup> Amended by the AAMPO Transportation Policy Board on January 25, 2016.

hardware and software purchases in excess of \$5,000 will be submitted to the Texas Department of Transportation for approval prior to acquisition.

- 1.1.6 Purchase Year 2016 Aerial Photography: The MPO plans to cost share in the purchase of year 2016 aerial photography for the eight county San Antonio Metropolitan Statistical Area (MSA). Although the MPO boundary does not fully extend throughout the MSA, the MPO plans to expand its five county travel demand model to seven counties and the area outside the metropolitan area boundary affects the area within the metropolitan area boundary. The MPO's portion is expected to not exceed \$15,000. Federal Highway Administration approval of the UPWP is concurrent approval of the aerial photography purchase.
- **1.1.7** <u>Building Maintenance and Repairs:</u> This activity includes using planning funds for non-routine building maintenance and repairs.

Responsible Agency:

Metropolitan Planning Organization

Funding Requirement:

\$1,458,000 (\$773,000 in FY 2016 and \$685,000 in FY 2017) 1

Product (s):

- Certified Planning Process
- · Reports on fiscal expenditures and work completed as required
- Forum for cooperative decision-making by principal elected officials of general purpose local governments
- Effective coordination of transportation planning activities

#### Subtask 1.2 Legal Costs

**1.2.1** Legal Services: This activity is for legal services that effectively foster the 3-C transportation planning process. Legal services will be approved by the Federal Highway Administration prior to the expenditure of funds.

Responsible Agency: Metropolitan Planning Organization

Funding Requirement: \$80,000 (\$40,000 in FY 2016 and \$40,000 in FY 2017)

#### E. Funding Summary

Subtask	Subtask Name	Responsible Agency	TPF *	Total

FY 2017			\$725,000	\$725,000
Total FY 2016 and 2017 <sup>1</sup>			\$1,538,000	<u>\$1,538,000</u>

TxDOT will apply transportation development credits sufficient to provide the match for FHWA PL-112 and FTA Section 5303 programs. As the credits reflect neither cash nor man-hours, they are not reflected in the funding tables.

<sup>\*</sup> TPF is a combination of FHWA PL 112 and FTA 5303 funds.

<sup>&</sup>lt;sup>1</sup> Amended by the AAMPO Transportation Policy Board om January 25, 2016.

#### Task 2.0 – Data Development and Maintenance

#### Α. Objective

Provide updated information, demographic data and analysis to support the Metropolitan Planning Organization's planning efforts.

#### B. **Expected Products**

Series of technical reports documenting the continuing demographic data updating process Updates to the iMap online mapping application VIA Origin and Destination Study Results and Final Report Updated data tables and GIS layers

#### C. **Previous Related Work**

Demographic Forecast Modeling Projects (2004-2015)

VIA On-Board Transit Origin and Destination Survey (1995, 2000, 2005, 2010, 2015)

Pedestrian and Bicycle Facility Data Collection and Mapping

Bicycle Maps (versions 1-4)

Smoothed Urbanized Area; updated Functional Classification; identification of 2015 Saturation Count locations

#### D. Subtask 2.1 MPO Staff Support for Task 2<sup>1</sup>

- 2.1.1 General Administration: This subtask allows for MPO staff support for administrative activities related to data development and maintenance including procurement, contract management and oversight committee participation and appropriate review/processing of monthly billings for work related to Task 2. Public Involvement activities which include video production, website information and updates, and printed materials related to the development and dissemination of technical data will also be completed.
- General GIS Activities: Specific activities will include, but not be limited to, reviewing and providing direction on the development of developing demographic data; analyzing meeting attendance data, bicycle and pedestrian data and census data, especially data related to Title VI/ Environmental Justice that includes identifying locations of large populations of minorities within the MPO Study Area, and mapping planned and programmed transportation projects and services that may affect these populations; using and documenting GIS data and/or NEPAssist in support of efforts to link planning and NEPA; developing mobile applications, and designing and printing presentation materials as needed; continuing website maintenance; and providing oversight, support and coordination of the Alamo Area Geospatial Committee.
- 2.1.3 Alamo Area Open Data Repository: Continue development of this transportation related geospatial data warehouse. The open data repository contains data and links to participating entities transportation related data elements. Users (citizens and agency staff) of the open data site can query, view, download and disseminate the data. Data updates to the iMap online viewer will continue.

Responsible Agency: Metropolitan Planning Organization

Funding Requirement: \$671,000 (\$329,000 in FY 2016 and \$342,000 in FY 2017)

Product(s): Contract Procurement Materials, Billing Packages, Technical Memoranda, Final

Reports, and Mappable Databases as per specifications

<sup>1</sup> Amended by the AAMPO Transportation Policy Board on January 25, 2016.

### Subtask 2.2 Demographic Forecast Modeling Projects <sup>1</sup>

The Alamo Area Council of Governments will prepare the small area (transportation analysis zone, or TAZ) population and employment forecast for the MPO region for the period 2015-2045. This work will be undertaken for the following counties: Atascosa, Bexar, Comal, Guadalupe, Kendall, Medina and Wilson. The output from this effort is a required component of the travel demand forecast by the MPO in support of the Metropolitan Transportation Plan Update. The budget includes the purchase of data from InfoUSA (approximately \$10,000). Federal Highway Administration approval of the UPWP is concurrent approval of the InfoUSA data purchase. It must be noted that for long range transportation planning and travel shed analysis, the area outside the metropolitan area boundary affects the area within the metropolitan area boundary.

Responsible Agency: Alamo Area Council of Governments

Funding Requirement: \$15,000 (\$15,000 for the time period October 1, 2015 through January

31, 2016) FY 2016 and \$230,000 in FY 2017)

Product(s):

A small area forecast of population, households and employment for

Atascosa, Bexar, Guadalupe, Comal, Kendall, Medina, Wilson, counties; updated files and data tables, graphics and presentation materials

AACOG staff will provide all data files, tables, graphics and presentation materials to the MPO and MPO staff will take the lead on developing

demographics for the 2045 MTP

### Subtask 2.3 Regional Transportation Attitude Survey III

A consultant will undertake a regional transportation attitude study in the Alamo Area to gather statistically valid data with respect to public perceptions of regional transportation needs and issues and of preferences and priorities for future transportation system enhancements. While the focus will be on transportation, the survey will address other aspects of transportation planning including air quality, Edwards Aquifer protection, energy, safety, noise reduction, drainage, neighborhood protection, historical site preservation, protection of trees and other features of the natural landscape. This project is an update of the San Antonio – Bexar County Regional Transportation Attitude Study conducted in 1997-1998 and 2006-2007. It is expected the questionnaire and data collection methodology will be similar to the original study to allow for direct comparisons of survey results.

Responsible Agency: Metropolitan Planning Organization (consultant)

Funding Requirement: \$200,000 (in FY 2017)

Product(s): Technical Memoranda, Final Report, data file of survey records

<sup>&</sup>lt;sup>1</sup> Amended by the AAMPO Transportation Policy Board on January 25, 2016.

and materials, Walkable Communities and Safe Routes to Schools

reports

Responsible Agency: Metropolitan Planning Organization

Funding Requirement: \$1,342,000 (\$657,000 in FY 2016 and \$685,000 in FY 2017)

### Subtask 3.2 Regional Bicycle and Pedestrian Planning Study <sup>1</sup>

The primary purpose of the Regional Bicycle and Pedestrian Planning Study is to assess current bicycle and pedestrian conditions in the City of Boerne, City of New Braunfels, City of Seguin and make recommendations on future facilities. Work specific to the City of San Antonio will include the development of a Pedestrian Master Plan. More detailed work will be conducted within the San Antonio Missions National Historical Park. The overall goal is to have in place a Bicycle and Pedestrian Master Plan in each area that establishes a safe, accessible and comprehensive bicycle and pedestrian network. The study will utilize the San Antonio-Bexar County Pedestrian Safety Action Plan, the City of San Antonio's Bicycle Master Plan and any other relevant transportation, comprehensive and master plans and data throughout the region.

The Regional Bicycle and Pedestrian Planning Study will be conducted by a consultant and assist in identifying priorities, projects, and activities to improve bicycle and pedestrian safety and mobility including but not limited to: connectivity, pavement condition, ADA compliance, land development requirements, improvements with maintenance activities and past and future planned projects.

Responsible Agency: Metropolitan Planning Organization (consultant)

Funding Requirement: \$24,492 (carryover from FY 2015; to be expended in FY 2016) 1

Product(s): Technical Memoranda, Status Reports and Final Report

### Subtask 3.3 Air Quality Planning <sup>1</sup>

The purpose of this Subtask is to provide technical analysis for air quality planning in the region. Tasks may include refining the model; conducting photochemical model runs; conducting model sensitivity tests; identifying, evaluating and selecting on-road control measures; and updating emissions inventories. The work will be guided by local and State agencies and will be designed to meet Environmental Protection Agency defined standards for reliability and accuracy. Products are based on timelines published by the EPA in 2014 for proposed changes to the ozone standard. Areas designated by EPA as violating a new standard established in 2015 will have specified timelines for demonstrating attainment. If the EPA lowers the ozone standard to 65 – 70 ppb as proposed, it's likely the San Antonio region will be classified as a marginal or moderate nonattainment area. Under a new 2015 standard, marginal nonattainment areas may be required to demonstrate attainment by 2020 and moderate nonattainment areas may be required to demonstrate attainment by 2023.

Responsible Agency: Alamo Area Council of Governments

Funding Requirement \$150,000 (\$75,000 in FY 2016 and \$75,000 in FY 2017) 1
Product(s): Technical Memoranda, Status Reports and Technical Report(s)

Amended by the AAMPO Transportation Policy Board on January 25, 2016.

<sup>&</sup>lt;sup>1</sup> Amended by the AAMPO Transportation Policy Board on January 25, 2016.

### Subtask 4.2 San Antonio – Bexar County Comprehensive Transportation Micro-Model <sup>1</sup>

This project is a third party contract for a consultant to assist with the calibration of the Alamo Area Metropolitan Planning Organization model to allow for a more detailed level of analysis to support city planning, policy development, and implementation to support localized and regional road networks. This study will provide a foundation for sub-regional transportation planning to assist local governments with implementation of the Metropolitan Transportation Plan and creation of local Transportation Plans, Policies, and Mobility Strategies.

Responsible Agency: Metropolitan Planning Organization/City of San Antonio (consultant) Funding Requirement: \$70,579 (carryover from FY 2015; to be expended in FY 2016) 1

Product(s): Data Sets, Technical Memoranda, Final Report

#### Subtask 4.3 Travel Demand Model Updates

This project is a third party contract for a consultant to assist with modifications and updates to the San Antonio MultiModal Model (SAMM v 3.0) four step travel demand modeling process. The current travel demand model area covers all of Bexar, Comal, Guadalupe, Kendall and Wilson counties. The modeling region is expected to expand to include Atascosa and Medina counties. A new series of traffic counts, travel surveys and a transit on-board travel survey have been completed or are expected to be underway during the two-year timeframe of the UPWP. The MPO also plans for the selected consultant to provide assistance with roadway and transit network coding, peak hour modeling, explore integrating the AAMPO and CAMPO travel demand models, calibrating and validating the 2015 base year models. The consultant will also assist with specific testing such as high capacity transit improvements, bicycle facilities, and recommendations from the Regional Thoroughfare Plan Study.

Responsible Agency: Metropolitan Planning Organization (consultant)

Funding Requirement: \$275,000 (\$125,000 in FY 2016 and \$150,000 in FY 2017)

Product(s): Data Sets, Technical Memoranda, Final Report

#### Subtask 4.4 Regional Thoroughfare Plan Study

This project is a third party contract for a consultant to assist with consolidating current Major Thoroughfare Plans and making recommendations for a Regional Thoroughfare Plan. Each implementing agency will be responsible for adopting recommendations specific to their jurisdiction. The study area includes Atascosa, Bexar, Comal, Guadalupe, Kendall, Medina and Wilson counties. The selected consultant will document adopted plans, existing conditions and constraints. Based on analysis, the consultant will recommend a regional thoroughfare plan classification system that build off of the Strategic Multimodal Transportation Plan. It is noted that travel outside the MPO study area affects travel within the study area.

Responsible Agency: Metropolitan Planning Organization (consultant)

Funding Requirement: \$300,000 (\$150,000 in FY 2016 and \$150,000 in FY 2017)

#### Subtask 5.2 Alamo Area Commute Solutions Program

The purpose of the Commute Solutions Program is to reduce the number of vehicle miles traveled in the region for an overall improvement in air quality. The program provides essential services to area commuters. Employee transportation coordination and the Air Quality Health Alert Notification programs, SchoolPool, and Bike Buddies are part of the overall program. The program also includes outreach and education to regional employers, schools and the general public to promote ridesharing, public transit, telecommuting, flexible work schedules, bicycling, walking, trip chaining, trip idling and other trip reduction and gasoline conservation methods to improve air quality.

Responsible Agency: Alamo Area Council of Governments

Funding Requirement: \$267,000 in FY 2016 (\$213,600 in STP-MM funding and \$53,400 TDCs)

\$267,000 in FY 2017 (\$213,600 in STP-MM funding and \$53,400 TDCs)

Product(s): Monthly progress reports and final annual report documenting activities

and impacts.

### Subtask 5.3 Regional Multimodal Study: Managed and/or Transit Priority Lanes 1

This project is a third party contract for a consultant to assist with the development of a long range regional, multi-modal system-wide congestion management plan through the use of managed and/or transit priority lanes to reduce congestion and provide for commuters more reliable destination trips.

Responsible Agency: Metropolitan Planning Organization (consultant)

Funding Requirement: \$231,969 (\$21,969 in FY 2015 carryover, \$210,000 in FY 2016) 1

Product(s): Data Files, Technical Memoranda, Final Report

#### Subtask 5.4 Strategic Multi-Modal Transportation Plan

The scope of work for this project has three primary components. The first component is an update to the City of San Antonio's multi-modal transportation plans and policies. The second component is an update to the City of San Antonio's Major Thoroughfare Plan. The third component is to develop a project prioritization system. Specific tasks will include study branding, travel demand modeling, and a public outreach component.

Responsible Agency: City of San Antonio (consultant)

Funding Requirement: \$2,500,000 (\$2,000,000 in STP-MM funding and \$500,000 local match)

Product(s): Technical memoranda, final report

### Subtask 5.5 VIA Vision 2040 Long Range Plan Update

The Vision 2040 will be the guiding document for VIA's long-term capital investments and operations and will be developed through a planning process with data analysis and significant input from the general public, VIA's customers, and key stakeholders. Vision 2040 will build off of the substantial effort completed from 2009-2011 that resulted in the 2035 Long Range Comprehensive Transportation Plan (SmartWaySA), which outlined a vision for the future of VIA and its 2010 service area. Vision 2040 will continue development of SmartWaySA and further define the high-capacity network while considering a regional context, which could result in modifications to projects originally identified. Vision 2040 will result in a detailed definition of potential high-capacity transit projects including identification of station areas and suggested land-uses, and identify the best configuration for underlying bus services in relation to high-capacity services.

# 7. Action on Amending the Contract between the Alamo Area MPO and the Alamo Area Council of Governments

### **Purpose**

The purpose of this agenda item is to take action on an amendment to the contract between the Alamo Area MPO and the Alamo Area Council of Governments.

#### Issue

In agenda item #6, the Unified Planning Work Program (UPWP) was proposed to be amended to revise the budgets and scopes of work for Subtask 2.2 Demographic Forecast Modeling Projects and Subtask 3.3 Air Quality Planning.

With approval of agenda item #6, the contract between the Alamo Area MPO and Alamo Area Council of Governments also needs to be amended to revise the budgets and scopes of work to be consistent with the revised UPWP.

There are no other changes to the contract. The contract amendment is attached.

### **Action Requested**

A motion to approve amending the contract between the Alamo Area Metropolitan Planning Organization and the Alamo Area Council of Governments.

THE STATE OF TEXAS	) (		
COUNTY OF BEXAR	) (	AMENDMENT TO CONTRACT	
, 2016, b Organization Transportation Po	y and betvolicy Board, onio urbaniz	red into and executed thisween the Alamo Area Metropolitan F, which is the designated Metropolitan F, ted area, hereinafter called the MPO, a inafter called AACOG.	Planning Planning

#### WITNESSETH

WHEREAS, pursuant to provisions of 23 USC 134, the Governor of the State of Texas has designated the Transportation Policy Board as the Metropolitan Planning Organization (MPO) for the San Antonio urbanized area and has executed an agreement to effectuate the designation; and,

WHEREAS, the MPO and AACOG entered into a contract effective October 1, 2015 which set out the terms and conditions for which AACOG has been designated responsible for by the Transportation Policy Board and would be reimbursed from Federal Highway Administration (FHWA), Federal Transit Administration (FTA), Texas Department of Transportation (TxDOT), and local funds; and,

WHEREAS, the MPO and AACOG, with approval of the Transportation Policy Board, desires to amend the original Contract, effective October 1, 2015, to decrease the maximum allowable reimbursement amount from \$560,000.00 to \$165,000.00 in accordance with the latest approved FY 2016-2017 Unified Planning Work Program as approved by the Transportation Policy Board, the State of Texas, acting by and through TxDOT, and the U.S. Department of Transportation (US DOT), acting by and through FHWA and FTA;

NOW, THEREFORE, the MPO and AACOG do hereby agree as follows:

#### PURPOSE

1.01 This purpose of this amendment is to decrease the maximum allowable reimbursement amount from \$560,000.00 to \$165,000.00 and to revise task scopes of work accordingly.

#### ARTICLE II

### CHANGES TO CONTRACT

- 2.01 Article I, Section 1.01 is amended and now reads as follows:
  - 1.01 AACOG agrees to perform the Scope of Work, affixed hereto as Addendum B, which fully replaces Attachment Band is incorporated herein by reference.

2.02	Article	2, Section 2.01 is amended a	nd now rea	ds as follo	ws:

### ADDENDUM B

# ALAMO AREA METROPOLITAN PLANNING ORGANIZATION Scope of Work

### **Subtask 2.2 Demographic Forecast Modeling Projects**

### Purpose

The Alamo Area Council of Governments will conduct initial work in the development of the small area (transportation analysis zone, or TAZ) population and employment forecast for the AAMPO region for the period 2015-2045 in support of the Metropolitan Transportation Plan Update.

### Scope of Work

The following Scope of Work outlines the primary components of the effort AACOG staff will undertake.

### Task 1 – Data Preparation

1.1 Conduct initial steps for forecasting including; reviewing San Antonio Water System population estimate, begin processing Bexar and Wilson county appraisal district data; and communicate with all partners on the status of the population and employment forecast.

### <u>Task 2 – Deliverables</u>

2.1 AACOG staff will provide all data files, tables, graphics and presentation materials to the MPO and MPO staff will take the lead on developing demographics for the 2045 MTP.

#### Budget:

\$15,000 (for work completed October 1 -31, 2015)

### Previous Related MPO Work

Demographic Forecast Modeling Projects (2004-2015)

### Timeline

Task	Oct 2015	Nov	Dec	Jan 2016	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep
1												
2												

### **Subtask 3.3 Air Quality Planning**

#### Purpose:

Policies and strategies addressing ground-level ozone should be based on a comprehensive review of significant sources of the emissions that form ozone. Collectively, on-road vehicles operated in the San Antonio-New Braunfels area represent a major local source category. Identifying the most effective on-road control strategies for a region relies on modeling to predict and compare the impacts of mobile source control measures. Such modeling conducted for the AAMPO study area – Bexar, Comal, and Guadalupe counties, and portions of Kendall County – provides support for regional air quality and transportation planning activities.

### Scope of Work

The following Scope of Work identifies the major components of the study effort that AACOG will undertake. Modeling projections are based on timelines published by the EPA in 2014 for proposed changes to the ozone standard. Areas designated by EPA as violating a new standard established in 2015 will have specified timelines for demonstrating attainment. Since the EPA has lowered the ozone standard to 70 ppb, it's likely the San Antonio region will be classified as a marginal or moderate nonattainment area. Under the new 2015 standard, marginal nonattainment areas may be required to demonstrate attainment by 2020 and moderate nonattainment areas may be required to demonstrate attainment by 2023.

### Task 1 – Model Refinements and Projections

- 1.1 Update the photochemical model on-road emission inventory by projecting emissions to the potential attainment dates of 2020 and 2023 using MOVES2014 or the latest available EPA-approved model.
- 1.2 Conduct photochemical model runs of the June 2006 episode using refined local emission inputs developed by AACOG, including the 2020 and 2023 on-road emissions updated under subtask 1.1.
- 1.3 Conduct sensitivity tests on the future year modeling projections to verify model integrity.

### Task 2 – On-road Control Strategy Evaluation

- 2.1 With input from officials representing the AAMPO study area, identify on-road control strategies that could be implemented locally and select the controls to be evaluated through photochemical modeling.
- 2.2 Conduct photochemical model runs of the strategies identified in subtask 2.1 and determine their impact on the 2020 and 2023 projections.

### Task 3 – Deliverables

- 3.1 AACOG will provide complete documentation on the methodologies used and results derived for tasks 1 and 2 and submit the documentation to AAMPO.
- 3.2 AACOG will provide monthly updates on work completed and work related to upcoming tasks to the MPO's Technical Advisory Committee (TAC).
- 3.3 AACOG will provide presentations on the final deliverables to the TAC.

### **Budget:**

\$150,000

8. Action on Roadway and Transit Amendments to the Metropolitan Transportation Plan and the FY 2015-2018 Transportation Improvement Program

### **Purpose**

The purpose of this agenda item is to take action on proposed roadway and transit amendments to the Metropolitan Transportation Plan and the FY 2015-2018 Transportation Improvement Program.

#### Issue

The Texas Department of Transportation (TxDOT) amends the Statewide Transportation Improvement Program (STIP) on a quarterly basis. To meet our local process for amending the Transportation Improvement Program (TIP), amendments were reviewed in December with action scheduled for January 2016. In order to keep the Metropolitan Transportation Plan (MTP) and TIP consistent, amendments to the TIP will also need to be made to the MTP.

### **Roadway Amendments**

The proposed roadway amendments are summarized below:

- 0253-04-138: US 281 from Stone Oak Parkway to Bexar/Comal county line project - move from FY 2016 in TIP to FY 2019 in MTP; revise description and funding.
- <u>0253-04-146:</u> US 281 from Loop 1604 to Stone Oak project move from FY 2016 to FY 2017; revise description and funding.
- <u>0915-12-520</u>: Quintana Road Project from Harmon to McKenna Avenue move from FY 2016 to FY 2017.
- <u>0915-11-950</u>: The City of Boerne received funding under the statewide Transportation Alternatives Project program; the project will be included in the TIP in FY 2017. The project is an expansion of the trail system, specifically extending the existing Old No. 9 Trail 1.8 miles south from City Park and north to Heath Library at a cost of \$2,956,582.

To utilize as much FY 2016 Category 7 (STP-MM) funding as possible, TxDOT is proposing to advance the following projects.

• <u>0072-07-068</u>: IH 10 at Fair Oaks from FY 2017 to FY 2016; this would also require moving the \$1.03M in FY 2017 Category 12 from this project to the Loop 337 project (0216-01-054, Loop 337 from River Road to Hillcrest) so it is being revised as well.

 1728-02-059: FM 306 from River Chase Way to Hoffman Lane from FY 2018 to FY 2016; this would also require moving the \$1.03M in FY 2018 Category 12 from this project to the Galm Road from Culebra Road to Government Canyon State Park project (0915-12-544) so it is being revised as well.

### **Transit Amendments**

VIA Metropolitan Transit has requested to revise a number of transit projects programmed in FY 2016 in the TIP. In summary:

- the revisions reflect VIA's FY 2016 adopted budget
- the revisions also reflect VIA adopted five year capital plan
- the streetcar system remains 'paused'
- VIA is adding ten projects
- funding and/or funding source is being revised on 20 projects

The roadway and transit TIP and MTP amendments are shown on the attached pages.

### **Action Requested**

A motion to approve the roadway and transit amendments to the Metropolitan Transportation Plan and the FY 2015-2018 Transportation Improvement Program.

# 9. Discussion and Appropriate Action on the Transportation Bill "Fixing America's Surface Transportation (FAST) Act"

# **Purpose**

The purpose of this agenda item is to receive a presentation on the new transportation bill called "Fixing America's Surface Transportation (FAST) Act".

#### Issue

On December 4, 2015, President Obama signed into law the Fixing America's Surface Transportation Act, or "FAST Act." It is the first law enacted in over ten years that provides long-term funding for surface transportation.

Overall, the FAST Act largely maintains current programs and funding shares between highways and transit, increasing funding by 11 percent over five years. This continues to be far short of the amount needed to reduce congestion and meet the increasing demands on transportation systems.

Guidance for the new bill will be developed over time. Updated information can be found at this link: <a href="https://www.transportation.gov/fastact">https://www.transportation.gov/fastact</a>

A representative from TxDOT will present highlights of the new bill at your meeting.

# **Action Requested**

For information only. No action is being requested.

### 10. Discussion and Appropriate Action on Managed Lane Concepts

# Purpose

The purpose of this agenda item is to receive a briefing on managed lanes concepts, primarily High Occupancy Vehicle lanes, both from a national and state perspective.

#### Issue

a. Update on Subtask 5.3 Regional Multimodal Study: Managed and/or Transit Priority Lanes – Parsons Brinckerhoff

David Ungemah, with Parsons Brinckerhoff, will update the Transportation Policy Board on the Regional Multimodal Study: Managed and/or Transit Priority Lanes Study. Ungemah will also present a report on High Occupancy Vehicle Lanes experience across the nation.

b. Discussion on the High Occupancy Vehicle Lanes Experience in Texas

Ginger Goodin, P.E., with Texas Transportation Institute's Austin office, will present a report on the High Occupancy Vehicle lanes experience in Texas.

#### **Action Requested**

For information only. No action is being requested.

**January 25, 2016** 

# 11. Status Report on the Development of the FY 2017 – 2020 Transportation Improvement Program

### **Purpose**

The purpose of this agenda item is to receive a status report on the development of the FY 2017-2020 Transportation Improvement Program.

#### Issue

In May 2015, the Transportation Policy Board approved the schedule and process for developing the FY 2017-2020 Transportation Improvement Program. The overall development schedule is attached.

Project submittals were due to the MPO on Tuesday, December 1<sup>st</sup>. The list of projects and funding requests is attached.

MPO staff has completed many of the data elements used for the technical scoring of projects.

Public meetings are being scheduled throughout the study area. These meetings will be held in late February and early March.

# **Action Requested**

Discussion may determine action to be taken.

ID No	Entity	Project/Roadway Name	Limit From	Limit To	Description	Project Category	Agency Priority
1	AACOG	Alamo Area Commute Solutions Program (FY 2020-2022)	-	-	Alamo Area Commute Solutions Program	Other	AACOG - 1
2	ARMA	Blanco Road Phase III	West Oak Estates	Borgfeld Drive	Widen from a 2 to 4 lane divided roadway with raised median, bike lanes, sidewalks,curbs and drainage	Added Capacity	ARMA - 1
3	ВС	Crestway Road Phase III	Kitty Hawk Road	Gibbs Sprawl Road	Revise operational aspects to roadway to add a 6' sidewalk and 6' bike lanes in each direction	Bike/Ped	BC - 1

36	TxDOT	SH 123	IH 10	Cordova Road/Laubach Road	Widen from 2 to 4 lanes with raised median or two way left turn lane, bike lanes and sidewalks	Added Capacity	Guadalupe - 1
37	TxDOT	US 90 Westbound Entrance Ramp	South Zarzamora	approx 1/2 mile west of South Zarzamora	Construct WB entrance ramp from South Zarzamora and intersection improvements	Operational	TxDOT - 10
38	TxDOT	Wurzbach Road/Parkway	Innovative Intersections (4)	Fred Rd, IH10, Lockhill-Selma & Military	Construct innovative intersection improvements at Fred Road, IH 10, Lockhill-Selma and NW Military	Operational	TxDOT/CoSA - 2
39	uc	E. Aviation Blvd	SH 218 (Pat Booker Road)	Cibolo Creek	Added capacity and operational improvements, drainage, signal upgrades, left turn lanes, sidewalks and bike lanes	Added Capacity	UC - 1
40	UC	Kitty Hawk Extension	Sunrise Canyon Dr	FM 1518	Construct of roadway on new alignment; bridge over Cibolo Creek, drainage, sidewalks and bike lanes	Added Capacity	UC - 2
41	VIA	MyLink Pedestrian Connectivity/ Safety	Varions Locations on the state roadway system	-	Construct curb ramps, landing pads, sidewalks and other pedestrian infrastructure; construct improvements to North Star Transit Center intersection for improved transit access	Pedestrian	VIA - 1

# 12. Monthly Status Reports

# **Purpose**

The purpose of this agenda item is to provide information on several important issues.

#### Issue

Reports will be presented as follows:

- a. Alamo Regional Mobility Authority (John Clamp)
- b. City of San Antonio (Mike Frisbie)
- c. Lone Star Rail District and Air Quality Issues (Diane Rath)
- d. San Antonio Mobility Coalition (Vic Boyer)
- e. Texas Department of Transportation (Mario Jorge, P.E.,)
- f. VIA Metropolitan Transit (Jeff Arndt)
- g. Others

### **Action Requested**

For information, discussion and action as necessary.

# Air Quality in the AACOG region

**2008 8-hr. av. O<sub>3</sub> National Ambient Air Quality Standard** (2008 ozone NAAQS): To attain this standard, the 3-year average of the 4th-highest daily maximum 8-hour average ozone concentrations measured at each monitor within an area over each year must not exceed 0.075 ppm (parts per million). Equivalently, must not exceed 75 parts per billion, or 75 ppb.

**2015 8-hr. av. O<sub>3</sub> National Ambient Air Quality Standard** (2015 ozone NAAQS): To attain this standard, the 3-year average of the 4th-highest daily maximum 8-hour average ozone concentrations measured at each monitor within an area over each year must not exceed 0.070 ppm (parts per million). Equivalently, must not exceed 70 parts per billion, or 70 ppb.

During 2015, as Table 1 indicates, CAMS 58 at Camp Bullis recorded a fourth highest daily maximum 8-hour average ozone level of 80 ppb. When this number is averaged with the fourth-highest 8-hour ozone average values recorded at the monitor in 2013 and 2014, the results indicate exceedance of both the 2008 and 2015 ozone standards. Values in red font indicate exceedances of the 70 and 75 ppb ozone thresholds.

EPA is scheduled to designate areas as attainment/non-attainment of the 2015 standard by October 2017. Assuming EPA meets this timeline, designations will be based on the 2014 – 2016 averaging period. Consequently, the San Antonio-New Braunfels region will have to experience extremely low and unprecedented ozone values in 2016 to meet the 2015 standard. Table 2 lists the maximum fourth-highest eight-hour average ozone concentration in 2016, by monitor, that will allow the region to remain in compliance with the 2015 70 ppb standard.

Table 1: Compliance Status with 75 ppb 8-Hour Ozone Standard, San Antonio-New Braunfels MSA<sup>1</sup>

Monitor Site	4th Highest Reading, ppb			Current 3 Year	
Worldon Site	2013	2014	2015*	Average	
Camp Bullis C58	83	72	80	78	
San Antonio NW C23	76	69	79	74	
Calaveras Lake C59	69	63	68	66	

Table 2: Compliance Status with 70 ppb 8-Hour Ozone Standard, San Antonio-New Braunfels MSA

Monitor Site	4th Highest	Reading, ppb	2016 maximum allowable 4th highest when standard is 70
	2014	2015	ppb

San Antonio NW C23	69	79	64
Calaveras Lake C59	63	68	82

<sup>&</sup>lt;sup>1</sup> Available online: <a href="http://www.tceq.state.tx.us/cgi-bin/compliance/monops/8hr">http://www.tceq.state.tx.us/cgi-bin/compliance/monops/8hr</a> attainment.pl

During the AAMPO Transportation Policy Board meeting of December 7, 2015, Brenda Williams, AACOG's Director of Natural Resources, provided a presentation on the region's ozone status. After her presentation she was asked to provide a list of the largest emission sources in the region; i.e., those industries that generate the largest amounts of the chemicals (nitrogen oxides and volatile organic compounds) that form ozone. AACOG compiled a list of the top emitters from permitting files maintained by the Texas Commission on Environmental Quality. The list of largest emitters in the San Antonio-New Braunfels MSA is provided in table 3.

Table 3: Largest Point Sources for NO<sub>X</sub> and VOC Emissions in the San Antonio-New Braunfels MSA, 2013. Source: Texas Commission on Environmental Quality

Company Site		County	NOX (TPY)	VOC (TPY)
CPS Energy	Calaveras Plant	Bexar	6,037	67
San Miguel Electric	Lignite Fired Power Plant	Atascosa	2,671	62
CEMEX Construction	Balcones Plant	Comal	2,295	22
Alamo Cement Company	1604 Plant	Bexar	2,247	36
TXI Operations LP	Hunter Plant	Comal	790	51

Enterprise Products LLC	Bandera Compressor Station	Bandera	167	22
Republic Plastics Services LTD	Seguin Foam Plant	Guadalupe	0	154
Structural Metals Inc	Furnace & Steel Mill	Guadalupe	117	35

Ms. Williams was also asked whether AACOG analyzed ozone and related data to identify patterns and trends that may help in addressing the ozone challenge. She informed the Transportation Policy Board that AACOG develops and updates a Conceptual Model for the region, which involves collecting a range of chemical and meteorological data and analyzing the information to determine conditions most often associated with elevated ozone concentrations. The most recent update to the Conceptual Model is under review by the agency funding the project – the Texas Commission on Environmental Quality – therefore, AACOG has not yet published the document. The information below was taken from previous publications and serves to indicate the type of data collected and evaluated to improve our understanding of the factors that influence local ozone accumulation.

#### Air Quality Trends and Design Values

The annual fourth highest 8-hour average ozone values, upon which attainment calculations are based, have exceeded the 2008 standard's 75 ppb threshold at one or more San Antonio monitors, four of the seven years between 2008 and 2015.

Monitors C23 and C58 in northwest Bexar County typically record the highest ozone concentrations of the three regulatory monitors, as these are located at "downwind" sites. Wind

directions during the ozone season are more likely to originate from the northeast, east and southeast quadrants than other directions. Conversely, C59 located in southeast Bexar County is an "upwind" monitor that typically provides data on background ozone concentrations, before air parcels reach San Antonio's urban core.

While the region experienced generally decreasing ozone levels between 2004 and 2009, based on the rolling three-year averages or design values for that period, local design values began to increase in 2010 and continued that trend through 2013. Table 4 lists the design values for regulatory monitors between 2010 and 2015.

Table 4: San Antonio design values between 2010 and 2015

Monitoring Site	2010	2011	2012	2013	2014	2015
San Antonio Northwest C23	75	75	77	78	75	79
Camp Bullis C58	75	75	80	81	78	80
Calaveras Lake C59	67	66	69	70	68	68

#### **Seasonal Variations in Ozone Concentrations**

In addition to annual trends, AACOG tracks seasonal ozone trends as part of the development of a conceptual model for the region. From April through June, there is a seasonal increase in the number of high ozone days in most Texas cities. This period represents the first and longest high ozone seasonal peak that San Antonio typically experiences. However, by early July the number of high ozone days decline. The next seasonal increase covers a period beginning in August and ending in late October, during which the frequency of high ozone days is slightly lower than the spring period.

Ozone concentrations fluctuate by season depending on several factors including variations in transport, meteorology, chemical loss of ozone, and upper stratospheric ozone levels. During the spring and fall ozone season peaks, for example, ozone transport is significant. Ozone transport is lowest in July before increasing again into the late summer and fall.

#### **Meteorology and Ozone Concentrations**

Certain identifiable regional-scale meteorological pressure systems are associated with high ozone events. Prevailing wind directions, wind speeds, mixing, and dispersion conditions are influenced by high-pressure systems. High-pressure systems suppress vertical mixing of pollutants and influence wind direction, and are characterized by clear skies, relatively low wind speeds, and low humidity in San Antonio. These meteorological conditions typically increase ozone formation and transport of pollutants into the San Antonio area and generate elevated concentrations of local ozone.

An analysis between meteorology and ambient ozone indicates a number of local meteorological factors that contribute to elevated ozone concentrations in the San Antonio region. The following summarize the relationship between local meteorology and ozone photochemistry:

- Meteorological conditions on days with elevated ozone typically include stagnated winds over Texas, limited frontal movement, lack of precipitation, reduced mixing between atmospheric layers, and clear skies.
- High ozone days are typically absent of strong synoptic weather systems.
- Local meteorological conditions associated with high ozone days include lack of precipitation, low atmospheric moisture content in the afternoon, and clear skies.

- Wind vectors on high ozone days were more stagnated and often originated from the east and northeast.
- Mixing heights are typically lower in the early morning hours and experience a rapid rise in the
  late morning through early afternoon on high ozone days. Low nighttime mixing height can
  trap nocturnal pollutants from the local area as well as emissions from the previous day.
  When combined with a rapid rise in mixing height that allows downward mixing of transported
  pollutants from higher inversion layers, ozone can become significantly elevated.

#### **Emission Sources and Trends**

AACOG develops periodic emissions inventories of non-road, off-road, and area sources in the region. Combining AACOG data with point and on-road emissions calculated by other state agencies provides an indication of the daily and annual anthropogenic VOC and NOx emissions generated in the region by sector.

Despite a consistently increasing population in the region, analyses of emissions trends indicates that regionally-generated  $NO_X$  emissions should continue a downward trend, in large part due to improvements in vehicle emission standards. Local VOC emissions are expected to remain static (table 5).

Table 5: Estimated tons of anthropogenic  $NO_X$  and VOC emissions per ozone season weekday, San Antonio - New Braunfels MSA, 2012, 2018, 2023

Odii 7 tiitoilio	110W Bradinolo 1110/11, 2010, 2020						
Source	VOC			NO <sub>X</sub>			
Source	2012	2018	2023	2012	2018	2023	
Eagle Ford	3	7	7	4	4	4	
Non-Road	27	19	17	20	11	8	
Off-Road	3	3	3	8	8	7	
Area	151	154	190	16	16	17	
Point	6	7	7	66	64	57	
On-Road	33	22	19	77	43	32	
Total	224	213	244	190	146	125	

On-road vehicles have traditionally represented the largest source of NOx in the region. San Antonio is transected by a number of major highways and its proximity to multiple land and ocean ports guarantees an abundance of heavy duty vehicle traffic. Development of the Eagle Ford Shale area has served to further increase the use of heavy-duty vehicles on the region's roadways.

Weekday NOx emissions for 2012 from on-road sources in the SA-NB MSA were estimated at 77 tons per day, followed by point sources at 66 tons per day. By 2018, that trend is expected to reverse, so that point sources are expected to be the largest source of NOx, at 64 tons per day, and on-road sources fall to second largest at 43 tons per day.

The largest point sources for NOx emissions in the region are coal-fired power plants and cement plants. Other point sources include military bases, research facilities, and manufacturing operations.

In terms of anthropogenic emissions, most VOCs generated in the SA-NB MSA are the facilities and activities collectively categorized as area sources. This trend is expected to continue through 2023, the last date for which emissions have been estimated.

Modeling and other analyses indicate the SA-NB MSA is NOx limited. Therefore, air quality planning tends to focus on controls that reduce NOx emissions, although VOC controls are also evaluated.

# 13. Discussion and Appropriate Action on Agenda Items for Upcoming Transportation Policy Board Meetings

# **Purpose**

The purpose of this agenda item is to potentially take action on future Transportation Policy Board agenda items.

#### Issue

According to Article V, Section B of the MPO's bylaws, the Transportation Policy Board agenda shall be set as follows:

## B. Meeting Agenda

The Chair of the Board, with the advice of MPO Staff, shall establish the agenda of business to be transacted or considered at all Transportation Policy Board meetings. Any Transportation Policy Board member may submit an agenda item. If for any reason that item is not agendized the member may request consideration by the Transportation Policy Board and the Transportation Policy Board may take action to place the item on a future agenda through the following process:

A recurring item will be added to all agendas to allow the inclusion of special or non-routine items on the next Transportation Policy Board meeting agenda. In order to be placed on the next agenda, each proposed item will require a motion for approval, second, and "yes" majority vote of the quorum present.

#### **Action Requested**

For discussion and action as necessary.

# 14. Executive Session - Pursuant to Chapter 551, Subchapter D, Texas Government Code

At any time during the meeting of the MPO Transportation Policy Board, the Board reserves the right to adjourn into executive Session at any time to discuss any of the matters listed on the posted agenda, as authorized by Texas Government Code Section 551.071 (consultation with attorney), Section 551.072 (deliberations about real property), Section 551.074 (personnel matters), and Section 551.086 (economic development).

### 15. Adjourn
