Transportation Policy Board**September 23, 2019****5. Update on the Loop 1604 North Project****Purpose**

The purpose of this agenda item is to receive an update from TxDOT on the Loop 1604 North project.

Issue

The Texas Department of Transportation (TxDOT) will host two open houses for the proposed expansion of Loop 1604 from SH-16 (Bandera Road) west to I-35 North. The purpose of the project is to accommodate current and future traffic volumes on Loop 1604 from SH16 to I-35. Both meetings will be an open house format so the public may come and go at their convenience.

Meetings will be held on:

- Tuesday, September 24, 2019 at the Redland Oaks Community Church, 16875 Jones Maltsberger Road San Antonio, TX 78247
- Wednesday, September 25, 2019 at Brandeis High School Cafeteria, 13011 Kyle Seale Pkwy, San Antonio, TX 78249

TxDOT proposes to expand Loop 1604 from a four-lane expressway to a ten-lane expressway by adding two general purpose lanes and one high-occupancy vehicle lane in each direction. The layout of auxiliary lanes, and entrance and exit ramps would be reconfigured. The interchange at I-10 would be modernized by removing the cloverleaf connectors, adding direct connectors, and replacing the signalized frontage road intersections with a continuous flow configuration. The project would also include accommodations for bicyclists and pedestrians, water quality protection, and other highway features. All improvements would be located within the existing right of way and easements. The project would not include any toll components

Action Requested

6. Discussion and Appropriate Action on Roadway and Transit Amendments to the Metropolitan Transportation Plan and the FY 2019-2022 Transportation Improvement Program

Purpose

The purpose of this agenda item is to review proposed amendments to the Metropolitan Transportation Plan and the FY 2019-2022 Transportation Improvement Program.

Issue

The Texas Department of Transportation (TxDOT) amends the Statewide Transportation Improvement Program (STIP) on a quarterly basis. To meet our local process for amending the Transportation Improvement Program (TIP), amendments will be reviewed in September with action scheduled for October. In order to keep the Metropolitan Transportation Plan (MTP) and TIP consistent, amendments to the TIP will also need to be made to the MTP.

Generally, amendments this quarter include:

- Carrying over projects that did not let in FY 2019 to FY 2020
- Revising projects to align with the adopted FY 2020 Unified Transportation Program (UTP)
- Updating the Section 5307 transit funding allocations for the cities of New Braunfels, Schertz, Cibolo, McQueeney, and Marion

Draft TIP and MTP amendments are attached.

It is important to note that none of the proposed amendments are triggering the need for transportation conformity.

Action Requested

For information only and discussion only. Action is scheduled for October 2019.

Active Transportation Report FY 2019

Joey Pawlik | Active Transportation Planner

About Me

- Fightin' Texas Aggie (Sociology/Urban Planning)
- Native San Antonian
- Bicyclist for as long as I can remember
- Everyday pedestrian
- Previously worked for State Rep. Barbara Gervin-Hawkins (D-120), San Antonio Museum of Art

A photograph of a city street scene with several cyclists riding away from the camera. In the foreground, a cyclist in a blue jacket is prominent. To the right, a white sign with a black arrow pointing right and the word 'ONLY' is visible. The background shows multi-story brick buildings and a clear sky. A semi-transparent blue banner is overlaid across the middle of the image, containing the title text.

Active Transportation Committees

Bicycle and Pedestrian Mobility Advisory Committees

- BMAC/PMAC members are made up of agency staff, bicycle and pedestrian civic groups, and citizens who provide:
 - Input on major plans and studies in the region
 - Make recommendations on MPO project funding process and selection
 - Connections between citizens and staff who can resolve concerns
 - Two Walk & Bike Night meetings
 - Participate as voting members on the Technical Advisory Committee

Street Skills Classes

Street Skills classes help:

1. New or returning bicycle riders learn laws and best practices for riding
2. People interested in commuting to work by bike
3. People who don't understand the rules for bicycles
4. People who want to become more confident riding on city streets

This past year we've taught 11 street skills classes and have integrated scooter safety into Street Skills presentations.

STREET SKILLS

New to city cycling? Returning to bicycling from a long hiatus? Want to become more confident riding on streets?

Walkability & Bikeability Audits with Alamo Commutes

In support of the Alamo Commutes program, I help plan bikeability & walkability audit routes, lead bikeability audits, and assess infrastructure conditions.

Walkable Community Workshops

Designed to assist neighborhoods in identifying barriers to walking and bicycling.

Bring transportation partner agencies staff and residents together in a workshop environment to discuss issues and concerns related to active transportation.
